

Queensland Government Building and Construction Training Policy (Training Policy)

Indigenous Economic Opportunities Overview For

Insert Project Name

This project has been selected as an **Indigenous Project** under the Queensland Government Building and Construction Training Policy (Training Policy).

For Indigenous Projects, it is a **priority** that the core requirements (10 per cent of the total labour hours) of the Training Policy be met by Aboriginal and Torres Strait Islander apprentices and trainees and local Aboriginal and Torres Strait Islander workers.

In addition to this, the Training Policy requires that an additional amount, which is a minimum of 3 per cent of the estimated project value (including GST) for building projects and a minimum of 1.5 per cent of the estimated project value (including GST) for civil construction projects), be allocated toward an agreed **Indigenous Economic Opportunities Plan (IEOP)**.

The Indigenous Economic Opportunities (IEO) Overview is a project specific guide that provides tenderer(s) with information about the Indigenous employment, training and business supply that is available in the area.

Information for Tenderers:

Tenderers are encouraged to undertake their own investigations in relation to the information provided in this IEO Overview.

When engaging with local trade or sub-contractors/suppliers identified from the IEO Overview, contractors should undertake invitation, evaluation and acceptance processes with such entities in a proper and formal manner just like any other contractor or supplier (i.e. a formal offer and acceptance process with an agreed / clear scope of works is expected).

The Principal (Government Agency/Government owned corporations) will use the IEO Overview to support post-tender negotiations. Post-tender negotiations include forming agreement on the IEOP between the preferred tenderer(s) and the Principal.
